

*Premium sustainable packaging  
for the wine industry*

**GREENER THAN GLASS™**

## Ship Wine ~ Not Glass™

### The Economical Choice

- Regular glass bottles make up 49% of shipping weight
- EnVino** bottles make up only 13% of shipping weight

**That means 67% more wine on each truck and**

- Saves shelf space
  - Saves warehouse space
  - Saves shipping costs

### The Smart Choice

- EnVino** bottles are lightweight, shatterproof, recyclable and safe (contain no BPA).
- EnVino** bottles come in a variety of sizes in traditional shapes and colors.
- EnVino** uses the most modern oxygen barrier technology to ensure the freshness and quality of your wine.

## Shrink Your Carbon Footprint

### The Sustainable Choice

**52%** Less greenhouse gas emissions (GHG)

**53%** Less Air Pollution

**77%** Less Water Consumption

### EnVino Provides the Total Package

- Bottle production
- Bottle filling on a specially designed line
